

25th Pacioli Workshop

History of Pacioli, 22,5 years of Pacioli

Hans Vrolijk

Pacioli 25, Helsingor, Denmark, October 1-4

Luca Pacioli - *Summa di Arithmetica, Geometria, Proportioni e Proportionalità* (1494)

Books should be closed each year, especially in partnership because frequent accounting makes for long friendship.

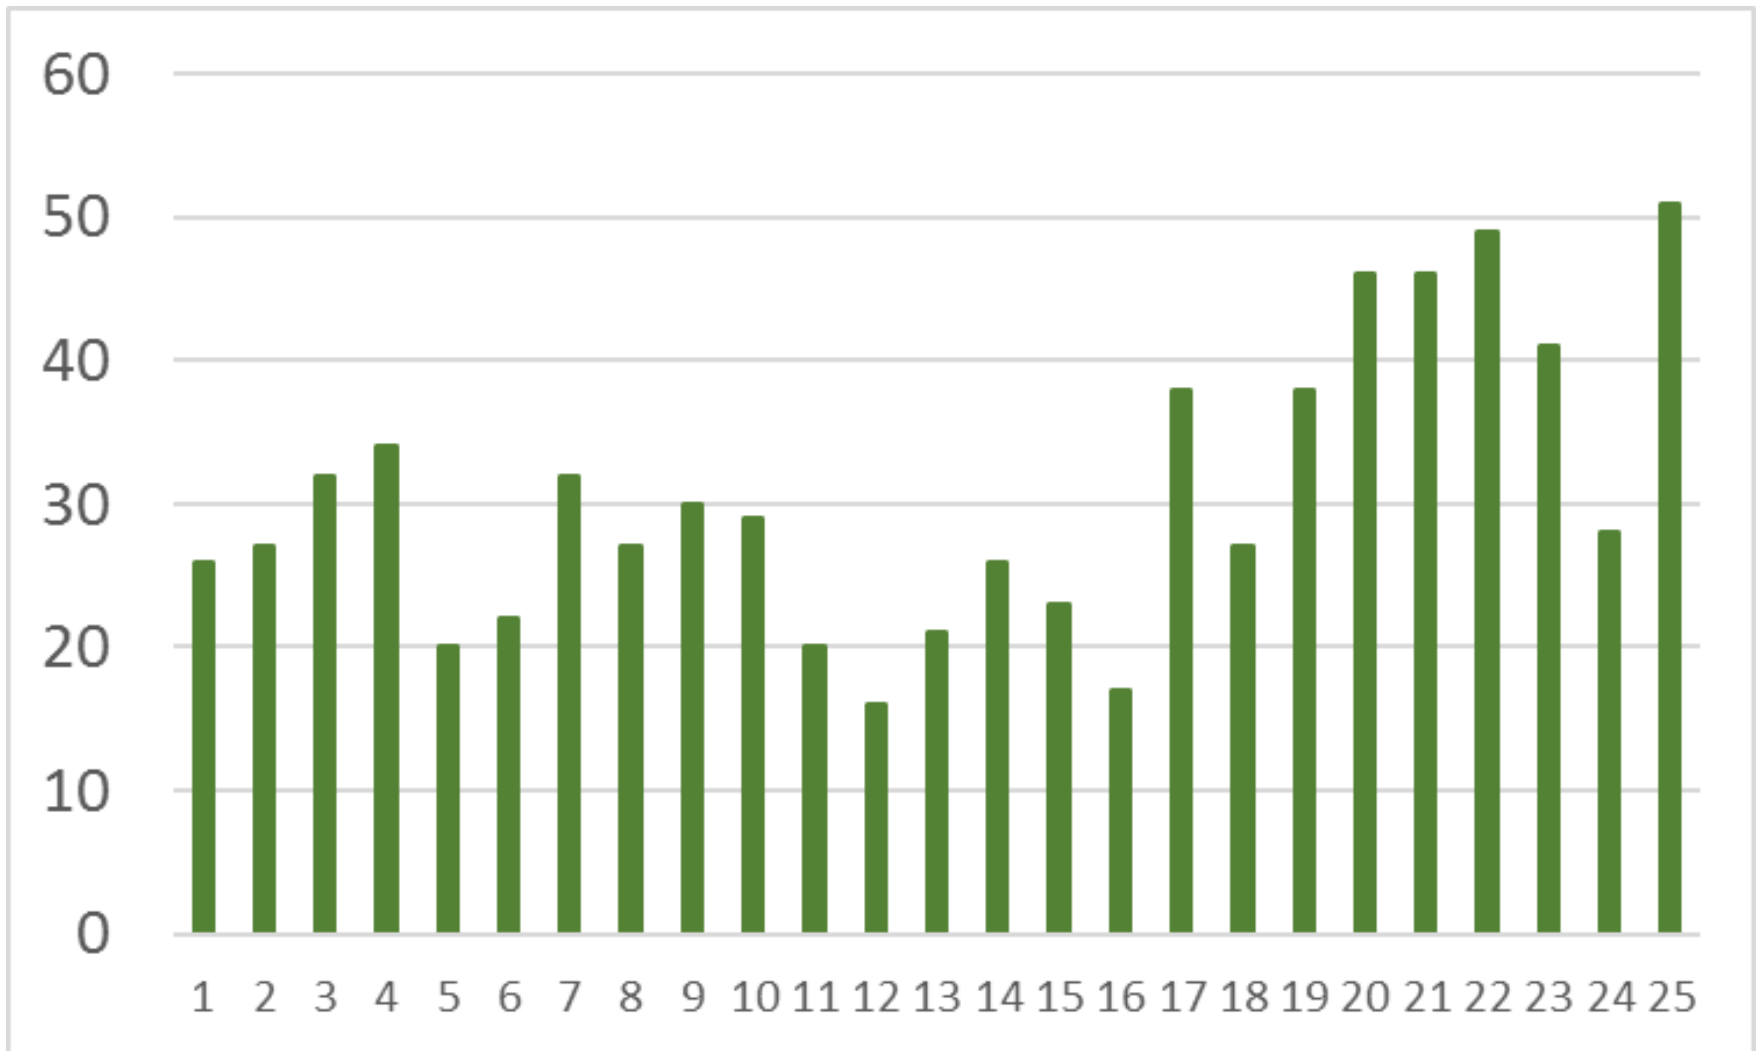

The start

- EU - Concerted Action (Workshop 1-4): March 1995
- Ameland (Dutch Island)
- Goals
 - Quality of data
 - Improvement of the use of data
 - Cost effectiveness of FADNs
- Finland, France, Italy,
The Netherlands, Spain,
Sweden, UK, DG - AGRI

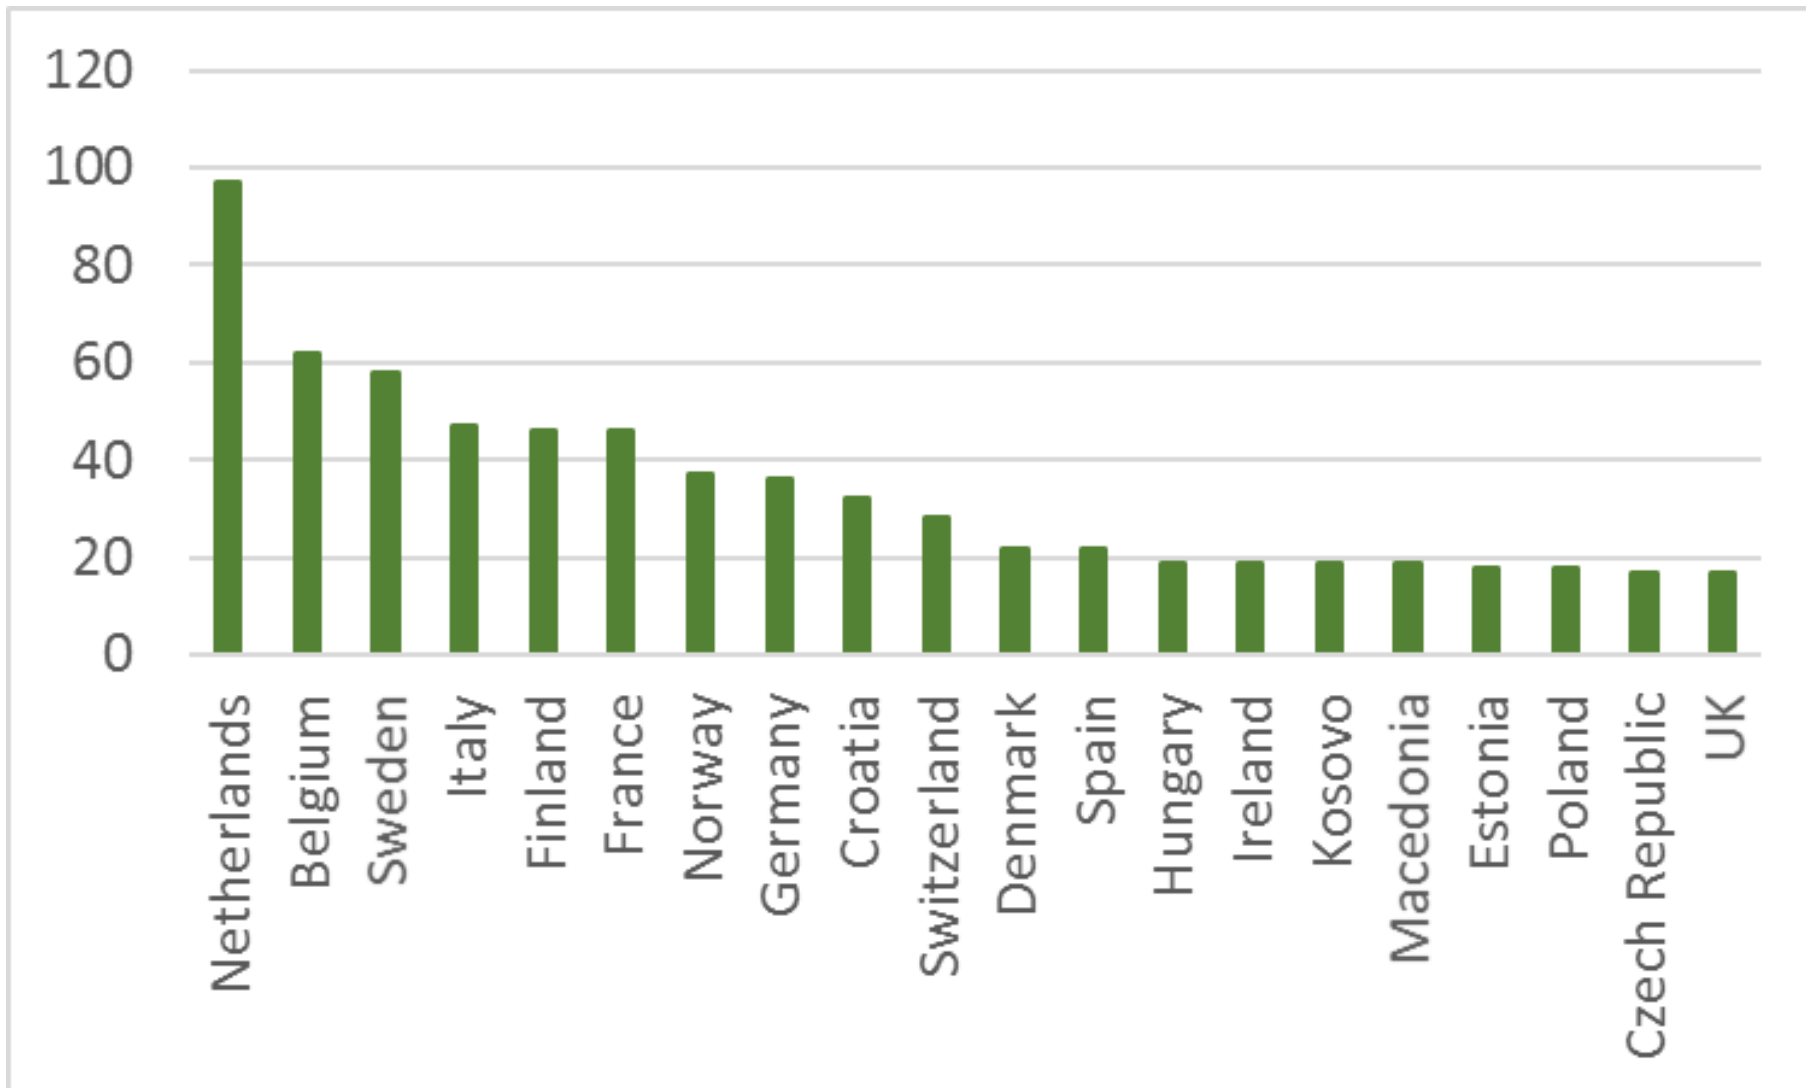

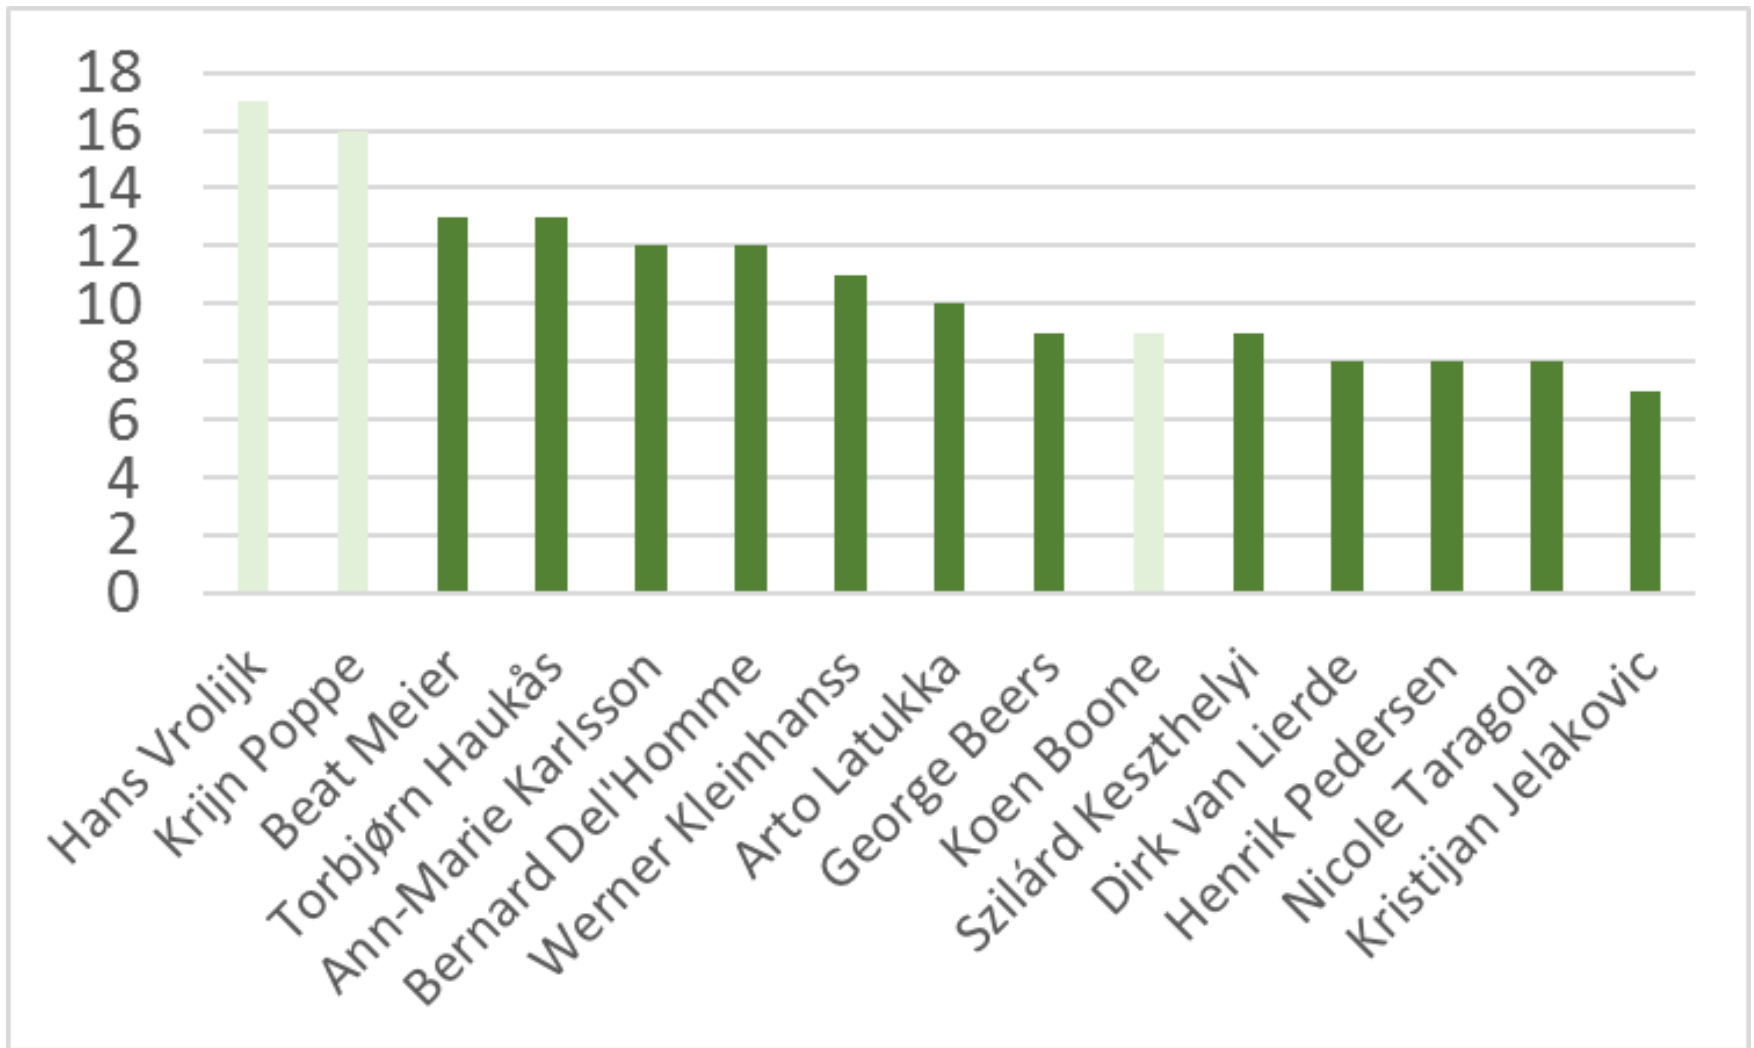

Number of participants per workshop

Number of participants per country

Number of workshops per person

Developments

Positive

- More countries involved (new member states, non EU)
- New participants
- Participants are involved in both the management and the use of the data
- More presentations

Negative:

- More presentations without paper

And now.. Pacioli 25

- Record number of participants
- Large group of new participants
- No persons from the first workshops.
 - 3 people who participated before 10th
 - 12 who participated first time between 11th-20th
 - 13 who started participating after 20th
 - More than 20 new participants

Elements of Pacioli workshop

Have a nice
workshop!!
